

Elm Wood Primary School Sports Premium Report 2020-21

What is the PE & Sports Premium?

The Government is providing funding of £150 million per annum for academic years 2014 – 2021 to improve provision of physical education (PE) and sport in primary schools. This funding will be allocated to primary school head teachers. The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase. It is expected that schools will see an improvement against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Our Vision

Our vision is to provide a high-quality physical education curriculum, which inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities. We aim to provide daily opportunities for our pupils to be physically active in a way which supports their health and fitness. We also aim to give them opportunities to compete in sport and other activities in order for them to build character and help to embed values such as fairness and respect.

EYFS Intent:

Physical development, Moving and Handling and Health and Self-care

- This involves providing opportunities for young children to be active and interactive; and to develop their co-ordination, control, and movement.
- Children must also be helped to understand the importance of physical activity, and to make healthy choices in relation to food.

Key Stage 1 Intent:

We aim for children to develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They will be given opportunities to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.

Key Stage 2 Intent:

We aim for pupils to continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They will continue to enjoy communicating, collaborating and competing with each other. They will develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.

Grant and expenditure 2019 - 2020		
Grant		£19,390
Expenditure	Moving Matters	£13,315
	PE equipment / resources	£ 4,984
Balance		£ 1,091
Grant and expenditure 2020 - 2021 (projected)		
Grant		£19,960
Expenditure	Moving Matters	£13,800
	PE equipment / resources	
Balance (as of November 2020)		£ 6,160

Spending aims for Grant allocation:

A large portion of our Sports Premium allocation is spent sustaining our strong working relationship with the PE Teaching and Sports Coaching company, Moving Matters. The company provide Primary PE Specialists to work 1 and a half days a week at Elm Wood, supporting the development of teaching practice and curriculum delivery as well as working with targeted groups of children. The full day per week is spent 1-1 mentoring of staff (during PE lessons), modelling best practice, team teaching, observing lessons and providing feedback with a development plan. In turn, the teachers develop subject knowledge and confidence in delivering Physical Education. The half day per week is allocated to working with targeted groups of children across all year groups with specialist teaching to either prepare them for up and coming competitions or support them in a small PE lesson to help boost their confidence and ability to take part in lessons. We also have access to the Moving Matters online curriculum which is used across all our year groups ensuring a clear progression of skills as well as access to a broad range of sports and activities. Teaching staff of all experiences work alongside the PE Specialist, starting with NQTs. The teaching staff working alongside the PE specialist, are assessed and receive in-depth feedback following each session. Once they have finished working with the PE Specialist, a final evaluation is completed outlining their development, strengths and future targets. In addition to this, the PE specialist is always keen to share best practice and liaise with all staff to ensure that sustained high quality PE is consistently being delivered across all year groups. They provide informal mentoring for all staff when on site.

We believe that this continued professional development of staff is key to the delivery of high-quality PE lessons for our children across all the year groups.

Other expenditure aims:

PE equipment and resources, including large basketball equipment and table tennis tables.

Fees and expenses for joining and participating in Lambeth schools' competitions and tournaments.

Sports Day resourcing and other physical activity enrichment days e.g. visiting athletes.

Report on Swimming and Water Safety:

Percentage of current year 6 cohort who can swim competently, confidently and proficiently over a distance of at least 25 metres	82%
Percentage of current year 6 cohort who can use a range of strokes effectively	75%
Percentage of current year 6 cohort who can perform safe self-rescue in different water-based situations	65%
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	No
